Member IEST—Institute of Environmental Sciences and Technology

Products for this millennium

Materials

Low Density Polyethylene (LDPE)	Co-Extrusions
Linear Low Density Polyethylene (LLDPE)	Mono-Films
VCI & VPI Materials for Corrosion Control	Anti-Stat
Low outgassing	Static Dissipative
Amine—free	Conductive
Custom Formulated Films and Laminates	Static Shielding
KAPTON® Polyimide Film	Laminates
Various Textiles including C ³ Polyester	Photo Black
High Strength—High Barrier Laminates	Flexible Foam
ORCOFILM® Reinforced MYLAR® film	Aluminized Reinforced Tedlar
Aluminized Polyester Reinforced with NOMEX®	
Aluminized Polyvinyl Film Reinforced with Nylon	

Processes for

- Large Covers & Shrouds
- Thermal Insulating
- Acoustical Insulation
- Rectangular / 3-dimensional Bags
- Carton and Resin Liner Bags
- Pouches
- Cleanroom Bags
- Custom Designs
- Flat & Gusset Bags
- Contract Assembly

Services

- Contract Packaging
- Ultrasonic Welding
- Cleanroom: ISO class 5 certified environment
- Industrial Sewing
- Kits
- Assembly

SFI operates an over 19,000 sq. ft. clean, modern, spacious facility in Upstate New York with separate cleanroom, manufacturing, packaging and warehouse areas. Accurate inventory, effective quality systems, on time performance and outstanding workmanship are of the utmost importance to us.
